

300 & 600 ROUND AGGREGATE TOURNAMENTS

Updated 2009

Archers may shoot either or both days – if two scores are shot in the same style, only the first score shot counts toward the aggregate award for the two tournaments (300 & 600).

This also applies if the archer shoots in two different locations. If two scores are shot in two different styles, both will count toward the aggregate.
